

Action Gigs

Action Gigs are opportunities for kids to create extra value beyond their regular expectations.

These aren't required tasks. They're optional ways for kids to contribute more and experience the connection between effort, value, and earning. Parents decide what each Action Gig is worth. Some may be small (\$0.25-\$1), others may reflect more time, responsibility, or impact (\$5-\$10). The goal isn't perfection - it's fairness and clarity.

We recommend using our Fridge Sheet Resource to keep Action Gigs visible and organized so everyone knows what's available and what it's worth.

These are simply starting ideas. Feel free to adapt them or create your own Action Gigs that fit your family, your season, and your kids.
